

**meet**

**your MP**

Christians are called to be involved in the political decisions that affect our country and our everyday lives. One great way of doing this is for church communities to get to know their representatives in Westminster, and vice versa.

**Meet Your MP is a new initiative to build links between congregations and their MPs.**

You could organise a public meeting, invite your MP to visit a church project or event, or take them on a walk of your local area to highlight issues that church members feel need to be addressed. We'll be providing plenty of resources and guidance, so no previous experience is required.

The initiative launches in England and Wales in September 2018. Sign up for our email newsletter to get full details, at [www.jointpublicissues.org.uk/praxis](http://www.jointpublicissues.org.uk/praxis)

In Scotland, where the project is already running, visit [www.scpo.scot/meet-your-mp](http://www.scpo.scot/meet-your-mp) for a toolkit and ideas.

Get involved and share your stories at **#MeetYourMP**
